

Electronic Certificate of Origin Training

Synopsis

The web-based Certificate of Origin (CO) application and certification system provides a single interface for exporters and their agents to electronically apply for COs conveniently via the Internet. It provides an integrated, electronic process for faster CO application and certification. It also allows the immediate transmission of certified COs to designated third party recipients in a secure electronic environment

Course Objective

This is a structured, hands-on training programme designed for exporters and their agents to equip them with the knowledge and skills to prepare, submit, receive and print electronic certificate of origin on the system. The programme focuses on providing experiential teaching through effective use of case studies and steps in the preparation of certificate of origin using Electronic Certificate of Origin (ECO) system

Who Should Attend:

- For brand new 1st time subscribers of the ECO application.
- For existing subscribers with new staff who is taking over the responsibilities of preparing and submitting those ECO applications.

Course Structure
